Rotor Kit is an automatic reversing kit to suit SIME Cannons. Fitted to Hard Hose Irrigators or Soft Hose Irrigators, it saves time, money and water. Rotor Kit allows the sprinkler to irrigate to the edge of the crop then after a pre-set time allows the gun to re-set its position for the rest of the irrigation run.

SIME Cannons available as Gear Drive or Impact Cannons with fixed or variable angle 13° to 43°
